LABORATORIES  
AND DOCTOR'S  
ROOM

## Frequent usage

Surgery

Ambulatory

Medical support

Dental

Laboratory

SEAT

BRAKE ANTISTATIC WHEELS

HEIGHT ADJUSTMENT

360° REVOLVING BACKREST CAN ALSO BE USED AS AN ARMREST

## Benefits

The Airox surgeon chair is designed for the discerning healthcare professional. In order to provide additional comfort, the seat consists of multiple layers of foam. The backrest can also be used as an armrest and can be mounted in different positions. The Airox 406 features a revolving backrest for a quick change from back support to arm support. A foot-operated height adjustment is optional. This is particularly useful in sterile environments.
