FOOTREST WITH SYSTEM
OF STABILIZATION USEFUL
DURING ACCESS E THE OUTPUT
OF THE PATIENT

ADJUSTABLE ARMREST

Benefits

- The coating divided into 3 independent sections is completely sanitized.
- The synchronized or independent movement of the pneumatic or motorized sections is ensured by an easy access lever for patients and operators.
- The seat, the backrest and the legrest are made with soft foam material. They fit perfectly to the physical size of every patient offering exclusive feelings of wellbeing.
- The armrest is height adjustable by an easy access and control mechanism and allows 3 position levels.
- The retractable footrest, with non-slip surface, is equipped with a stabilization system that is very useful during patient access and exit.
- Swivel wheels with a diameter of 25mm, two on the rear side with brakes, that guarantee excellent maneuverability. È possibile dotare la poltrona di 2 ruote direzionali di diametro 125mm e due puntali antiscivolo anteriori (AC136), oppure con 4 piedini antiscivolo senza poggipiedi (AC135). Consultare il catalogo accessori per maggiori dettagli. Telaio verniciato con vasto assortimento colori come da campionario.
- Fabric with antibacterial, antimycotic and flame retardant properties. Resistant to alcohol, hydrogen peroxide, hypochlorite sodium 5%, latex free, no phthalates. Available in a wide range of colours.
- Max load standards version 140 kg.

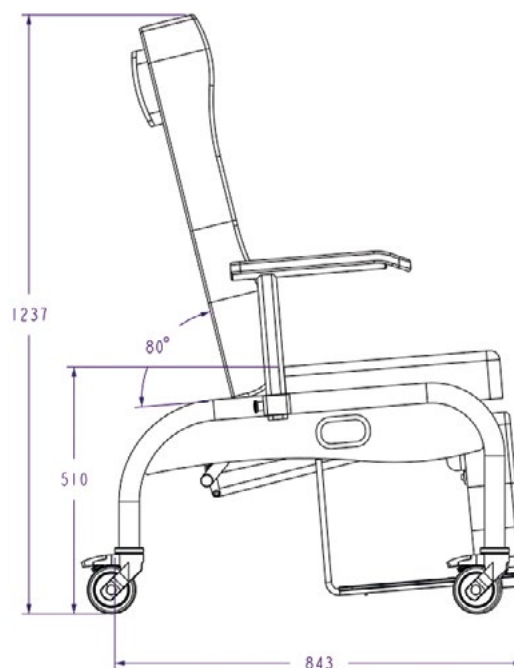

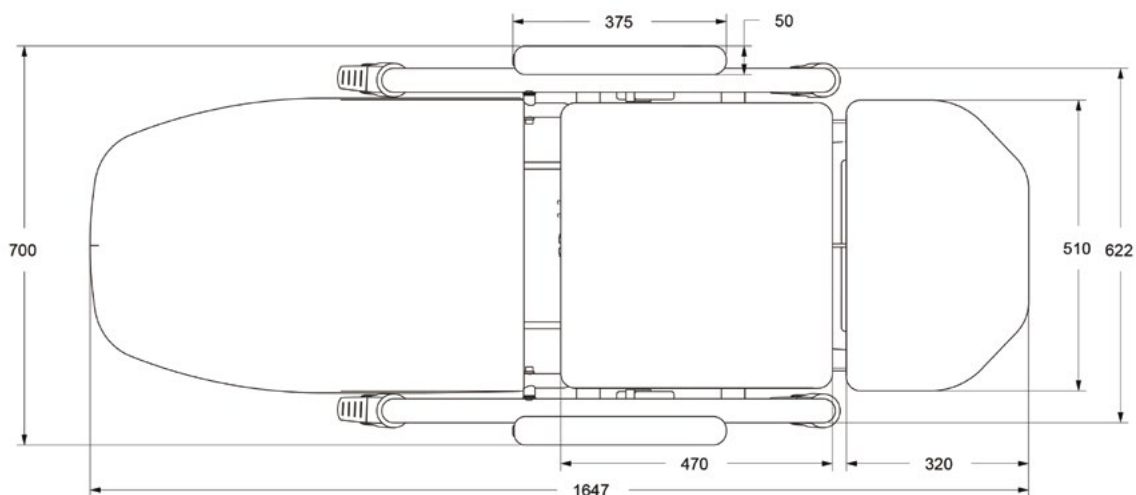

Standard features

- 3 lying sections with independent cushions.
- Steel frame with antimicrobial and thermosetting powder coating. Colours chart at page 4.
