Specialistic

## Benefits

- The frame is made entirely of extremely robust stainless steel and provides high stability.
- Structurally suitable for intensive use in all conditions of use, thanks to the material used, it is not afraid of corrosive agents.
- Device easily sanitised with medical-surgical aids and commonly used detergents.
- Particularly suitable for environments with widespread presence of corrosive chemicals.
- Heavy-duty thick tubular stainless steel handle.
- Frame painted with thermosetting epoxy powders.
- Ø 60 mm stainless steel wheels: durable, quiet and non-marking.
- Directional system.  
Agile and manoeuvrable, its small footprint allows easy transport even in low-capacity environments.
- Extremely stable.
- Table top made of HPL, a highly resistant and easily sanitised material. Material colour optionally white or blue.
- Compatible with the most common containers.
- Configurable with a wide range of modular accessories.
- Perimeter bumpers on the sides and front.

## Standard features

- Two-compartment storage tray attached to the carrying handle. Bin holder for rigid sharps containers for immediate disposal of needles.  
Available dimensions:
  - W 200mm x D 200mm x H 120mm
  - W 238mm x D 200mm x H 120mm
- Equipment code ACCR1.
- HPL material tray 50x30 cm - Equipment code ACCR8.
- Wheels Ø 60 mm made of stainless steel: durable, quiet and non-marking.
- Shelf made of HPL material, highly resistant and easily sanitised. Material colour optionally white or blue.

## Accessories available

### ACCR2

#### Gloves holder

It fits 2 standard packs of disposable gloves. Inclined for easy grip extraction.

Useful sizes

- L 420mm x P 130mm x H 90mm

### ACCR3

Rotating support useful to fit the needles collecting receptacle.

### ACCR4

Front containment made with stainless steel, prevents the containers from fall in the front, during movements and transport.

Dimensions.

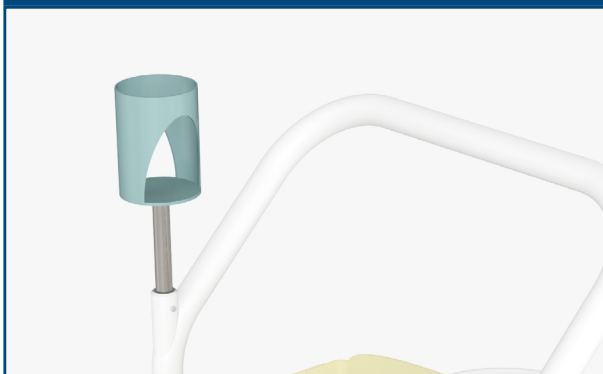

- L. 480mm x P. 230mm x H. 200mm

### ACCR6

Adhesive support for sharp handling.

### ACCR7

Soap dispenser or sanitising liquid holder, adjustable in height with 3 positions. Diameter maximum of dispenser 100mm.

### ACCF4

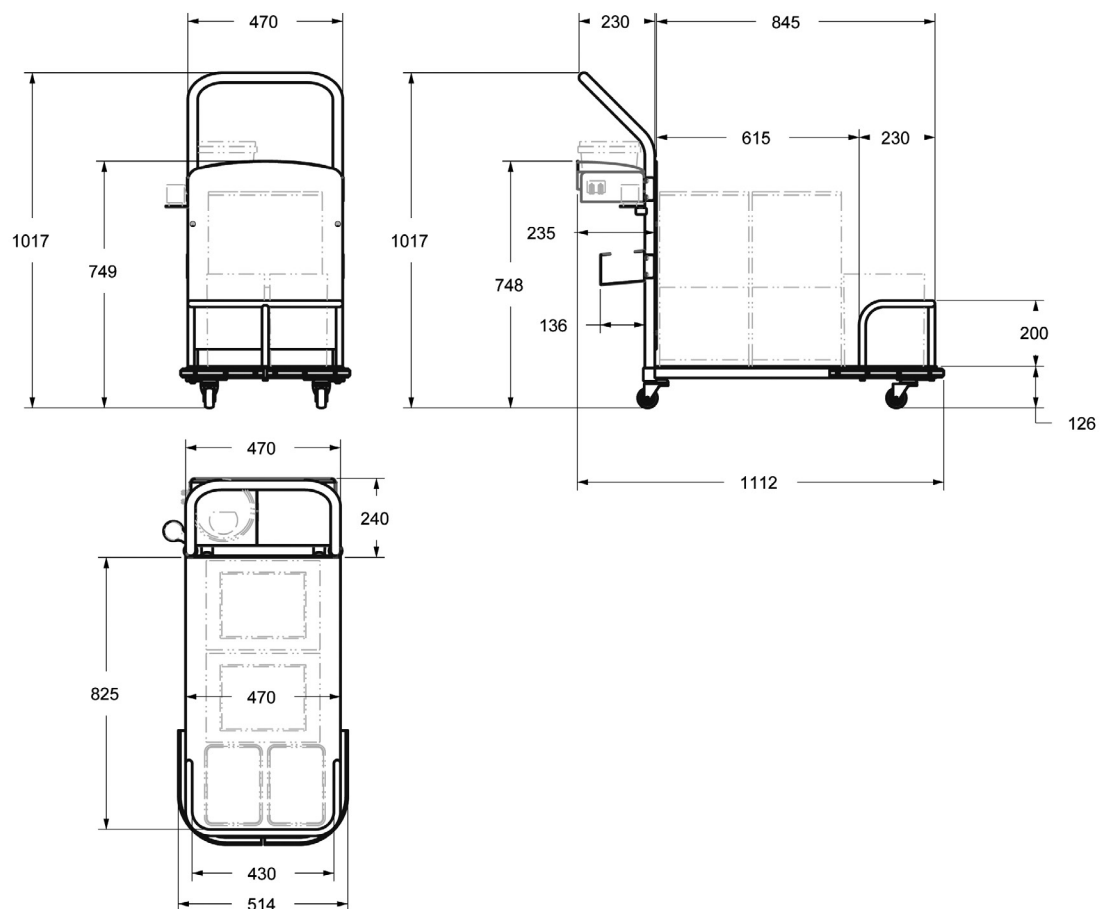

Automatic dispenser.
