Infirmary

Intensive care unit

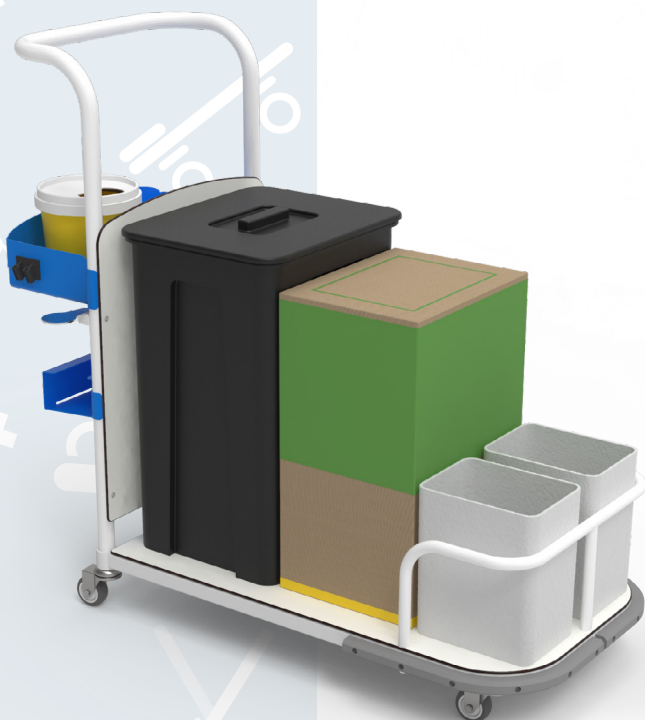

Dialysis

Hospitalization

Specialistic

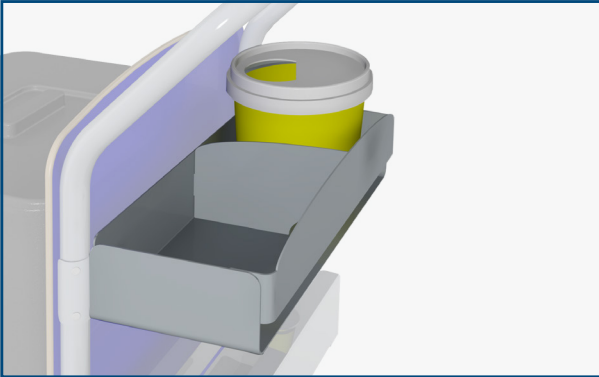

## Benefits

- Extremely robust frame made entirely of stainless steel that provides high stability in all operating conditions.
- Especially appropriate for environment with chemical corrosive substance.
- A device that is easily sanitised with commonly used medical surgical aids and detergents.
- A device that is easily sanitised with commonly used medical surgical aids and detergents.
- The handle made with stainless steel tube with high thickness and resistant to intensive use.
- Steel frame with thermosetting powder coating. Wide range of colours page 4.
- Ø 60 mm stainless steel wheels: durable, quiet and non-marking with directional system.
- Agile and manoeuvrable, its small footprint allows easy transport even in low-capacity environments.
- Platform made of HPL, a highly resistant and easily sanitised material. Material colour optionally white or blue.
- The trolley is compatible with the most common containers used in healthcare.
- Configurable with a wide range of modular accessories.
- Bumper on lateral and front side.

## Accessories available

### ACCRI

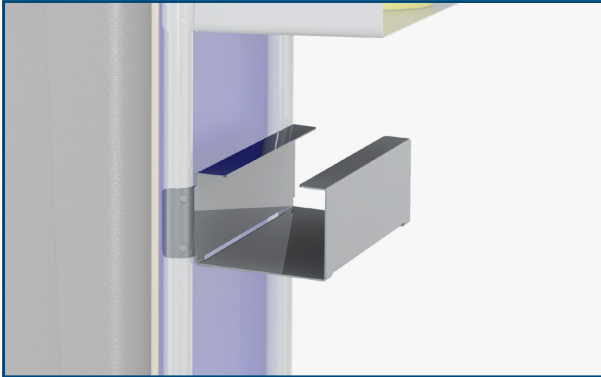

Two-compartment container. Assembled at the transport handle can accommodate a receptacle for sharp waste and other useful material for the purpose.

Useful dimensions:

- L. 200mm x P. 200mm x H. 120mm
- L. 238mm x P. 200mm x H. 120mm

### ACCR2

Gloves holder

It fits 2 standard packs of disposable gloves. Inclined for easy grip extraction.

Useful sizes

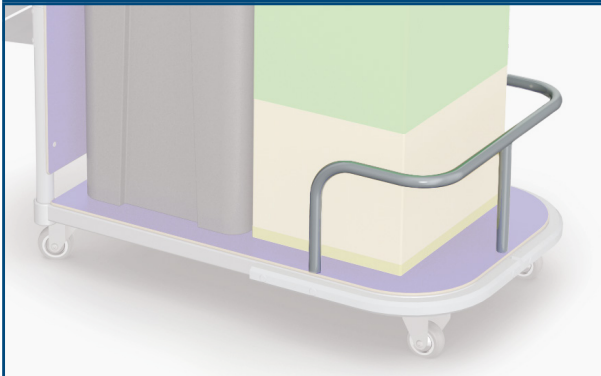

- L 420mm x P 130mm x H 90mm

### ACCR3

Rotating support useful to fit the needles collecting receptacle.

### ACCR4

Front containment made with stainless steel, prevents the containers from fall in the front, during movements and trasport.

Dimensions.

- L. 480mm x P. 230mm x H. 200mm

### ACCR5

Side containment frame made with stainless steel, prevents the containers from falling on the side, during movements and transport.

Dimensions.

- L. 480mm x P. 720mm x H. 200mm

### ACCR6

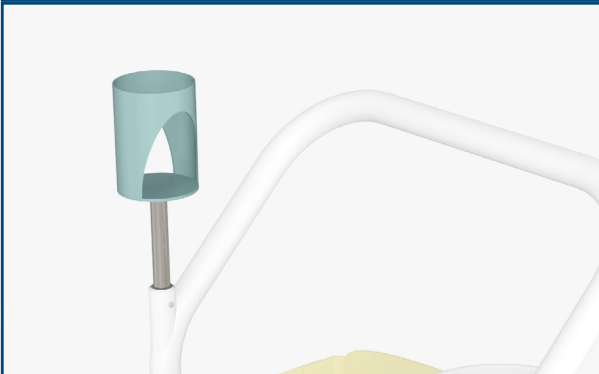

Adhesive support for sharp handling.

## Accessories available

## ACCR7

Soap dispenser or sanitising liquid holder, adjustable in height with 3 positions. Diameter maximum of dispenser 100mm.

## ACCF4

Automatic dispenser.

## ACCR8

HPL material tray 50x30 cm. Max. load capacity 10 kg.

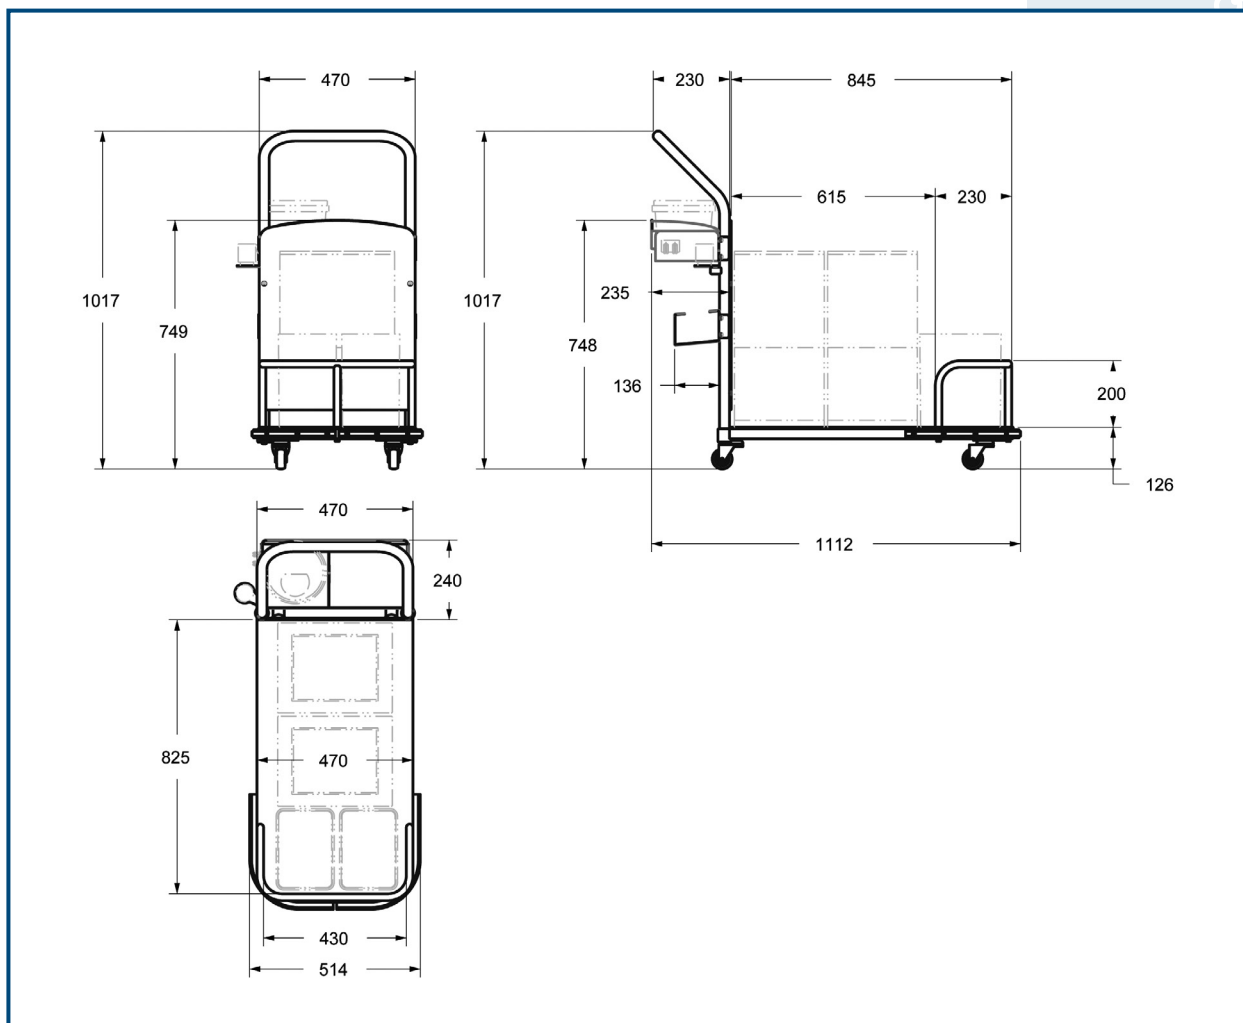

**Would you like to customize upholstery or frame?**

Scan or click the QR code and discover how to customize the device consulting our colour chart.

## Dimensions

## Technical sheet

Cod. Prodotto	<b>GB0198.SS</b>
Intended use	Special waste collecting
Manufacturer	GARDHEN BILANCE SRL
Wheels	Stainless steel wheels - stainless steel Ø 60mm - swivel
Total weight	15 kg
Maximum capacity	100 kg
Container capacity	x 60lt pvc or cardboard (410x350 x h. 600mm)
Elsa	Tubolare inox Ø 30 mm
Frame material	Steel and stainless steel AISI 304 machined CNC
Flatbed and shoulder	HPL thickness 5 mm CNC machined
Small components	Stainless steel
Bumpers	Front bumpers in shockproof technopolymer
Treatment surface	Zinc-galvanized and painted steel frame with thermosetting powder
