Bedside cabinet

HOSPITALIZATION

Frequent usage

All clinical areas

Emergency room

Benefits

Two- faced bedside table on swivel wheels with frame, drawer and doors molded in plastic material. Shell made of molded plastic material (polyethylene). Rounded lines, without sharp corners which allow effective sanitization and avoid points of accumulation of dirt. The upper surface has a large support with raised edges.

Standard features

On one side:

- Tissues case in plastic.

On the other side:

- No.2 cup holder;
- No.2 bottle holder with the bottom tilted outward to grab the bottle easily;
- Single-bloc drawer made of molded polyethylene plastic material with rounded lines, without sharp corners. It has integrated anti-trauma handles; sliding and removable, equipped with a stop to prevent accidental extraction; removable and internally divided into two compartments with connected edges to facilitate cleaning operations;
- Internal compartment with removable plastic top and a removable grid on the bottom to ensure ventilation.
- Single-bloc doors made of molded polyethylene plastic material, without sharp edges, with integrated anti-trauma handle; fixed to the body by two aluminum hinges and equipped with 180° opening;
- Rounded edges work as bumpers;
- Base frame in painted die-cast aluminum with rounded edges, anti-rollover;
- No.4 swivable and twin wheels with protective covers.

Drawers' dimensions:

Little drawer: 360x100xH85 mm - big drawer: 360x180xH85 mm.

Internal compartment:

325x380xh440 mm.
