

Hoxa serie 300

Stools

Benefits

The Medisit Hoxa range is specially developed for use in medical environments such as hospitals, doctors offices, dentists, etc. The Hoxa range is standard upholstered in Stamskin which has antibacterial properties and is blood and urine resistant. The Hoxa stools are fitted with a gas spring for the height adjustment which can be operated by a ring mechanism located on the base or underneath the seat. The base is in polished aluminum with soft castors for easy movement.
